

LED STREET LAMP

Road Length 45meters
56W X 3 Nos (168W) Fluorescent Luminaire Replaced with
17W X 3 Nos (51W) LED Luminaire.

SPECIFICATIONS:

Input Power	: Single Phase 50Hz, 85V - 275V AC
Power Consumption	: 17W
Light output	: 1020Lumens
Color temperature	: 6000K - 6500K
Colour Rendering Index	: ≥75
Operating temperature	: 0 to 60°C
Efficacy	: 60Lumens / Watt
Protection	: IP-65

ADVANTAGES:

- ❖ Illuminates the road without light trespass (No light pollution).
- ❖ Ultra white light for better visibility.
- ❖ Life time of 5 years .
- ❖ Low maintenance.
- ❖ Can be tailored to work on DC Supply.
- ❖ Uniform illumination over entire operating range of I/P power supply.
