# We Conceive, Develop, Manufacture & Implement **INNOVATIVE** Products

## RAILWAY - SIGNALING

Data Logger System - Wide Area Network  
Solid State Block Proving by Axle Counter (Digital)  
Point & Track Health Monitoring Unit  
Railway Signal Lamps  
Train Traffic Monitoring System  
Asset Monitoring Systems  
Wrong Operation Indication System  
Automatic Square Sheet Testing System  
Fog PASS (Pilot Assistance System for Safety)

## RAILWAY -TELECOM

Digital Clocks with GPS Synchronization  
GPS based Station Arrival System  
Passenger Information Systems

## RAILWAY - ENGINEERING

Datalogger for Ultra Sonic Flaw Detector  
Water Level Monitoring System  
Sensor Based Applications

## POWER & ENERGY

Control System for Power Sub-Station  
LED based Lighting  
Battery Monitoring System  
Energy Auditing System

## OFFICE - AUTOMATION

RFID Based Access Control System  
On-line Distributed Appliance Control System

## METEOROLOGY

Automated Weather Station

## INFRASTRUCTURE MANAGEMENT

Web based Appliances Control  
Traffic Light Controller System  
Water Flow Control System

## VISUAL COMMUNICATIONS

LED Display Systems

Approved by  
**RDSO**  
Govt. of India  
Ministry of  
Railways

**"R&D"**  
Recognised by  
Govt. of India  
(DSIR)
